for Director
Utilities Division

DATE: November 14, 2005

RE: Arizona Water Company Request for Additional Time to Comply with a Filing Requirement. (Docket No. W-01445A-00-0017)

Decision No. 62754, effective July 25, 2000, approved the application of Arizona Water Company ("Arizona Water") for a certificate of convenience and necessity for its Oracle system. The Decision ordered Arizona Water to file a copy of the developer's Certificate of Assured Water Supply within five years from the date of the Decision.

On May 6, 2005, Arizona Water filed a request for additional time to comply with the requirement to file the Certificate of Assured Water Supply. Robson Communities, the developer, has experienced unexpected delays in planning and financing the development and will not be ready to proceed with development until 2006. Therefore, Arizona water is requesting an additional 365 days from the fifth year anniversary of the Decision, until July 25, 2006, to file the developer's Certificate of Assured Water Supply for the area at issue.

Staff has reviewed the request and has no objections to the requested extension of time to comply with that portion of the Decision until July 25, 2005.

IN THE MATTER OF THE APPLICATION
OF ARIZONA WATER COMPANY FOR A
CERTIFICATE OF CONVENIENCE AND
NECESSITY IN ITS ORACLE SYSTEM.

DOCKET NO. W-01445A-00-0017

REQUEST FOR ADDITIONAL TIME TO
COMPLY WITH FILING REQUIREMENT

On July 25, 2000 the Commission entered Decision No. 62754 in the above-captioned docket. Decision No. 62754 approved the Company's application for a new certificate of convenience and necessity for its Oracle system. It also ordered the Company to file a copy of the SaddleBrooke Ranch developer's Certificate of Assured Water Supply within five (5) years from the effective date of said Decision.

Robson Communities, the developer of the SaddleBrooke Ranch development, has informed the Company that, due to unexpected delays in planning and financing for its development, it will not be ready to proceed with development until at least early 2006. For this reason, the Company requests that it be given an additional 365 days, until July 25, 2006 to file a copy of the certificate of assured water supply. This request should not prejudice any other party, as the Company was the only applicant for a certificate of convenience and necessity for the expansion area.
